STAT

SUBJECT:

Defector Citizenship Legislation - HPSCI Letter  
of 28 June 1985 Requesting Review of Hearing  
Transcript and Answer to Follow-up Questions

1. Attached for your information and review is a copy of a letter dated 28 June 1985 to the Director from the Chairman of the House Permanent Select Committee on Intelligence (HPSCI). The letter forwards for Agency review and comment a copy of the transcript of the 25 June hearings before the HPSCI Subcommittee on Legislation on the subject of expediting the naturalization of certain United States intelligence sources. The letter also forwards for Agency response a series of questions stemming from that hearing.

2. The transcript will be under separate cover circulated to all those in attendance for their review and comment. Its review will be on a very expedited basis as the HPSCI requires return of the transcript by 11 July 1985.

3. The response to the questions must be provided to HPSCI by 23 July 1985. I have attached a copy of the questions on which I have indicated beside each question the component which, it would appear, should respond to that question. I ask that the indicated component prepare an appropriate response.

The responses will then be discussed at a meeting this office will arrange for early in the week of 8 July.
